THE UNLEASHED LEADERSHIP FRAMEWORK

The 7 Issues Behind 95% of Your Executive Team's Problems

Your company can only grow as fast as the leaders running it. These seven issues keep yours a step behind.

Every issue on this page is also a trait your leaders can develop.

Build all seven, and your leaders grow as fast as your company does.

1 CHARACTER	THE ISSUE Your leaders blame others and avoid the hard decisions their roles require.	→	THE TRAIT Your leaders stay humble, take responsibility, and make the hard calls.
2 COMPETENCE	THE ISSUE Your leaders keep relying on the skills that got them promoted instead of the skills their new role demands.	→	THE TRAIT Your leaders develop the skills the team needs to reach the next level.
3 CAPACITY	THE ISSUE Your leaders are maxed out, doing work their people should own, with no time left to lead.	→	THE TRAIT Your leaders manage their time, energy, attention, and people so they have room to lead.
4 CLARITY	THE ISSUE Your leaders aren't on the same page about where the company is headed or who owns what.	→	THE TRAIT Every person knows where the team is going, why it matters, and the part they play.
5 COMMUNITY	THE ISSUE Your leaders work in silos and don't trust each other enough to collaborate.	→	THE TRAIT Your leaders build a team where people feel safe, trust each other, and grow together.
6 CULTURE	THE ISSUE Your leaders tolerate behavior and attitudes that undermine your values.	→	THE TRAIT Your leaders create an atmosphere where your values show up in everyday behavior.
7 CONSISTENCY	THE ISSUE Your leaders' priorities, words, and expectations shift week to week, so no one knows what to count on.	→	THE TRAIT Your leaders stay steady in their vision, words, and expectations, so people know what to count on.
